

# HI-TECH DURAVENT

Flexible Hose & Ducting

## LAWN AND LEAF

When the grass and leaves start to speed up so do we. We will ship your order within 24 hours during our Lawn and Leaf Season.

As your busiest time of the year is approaching we are here to help you withstand the wear and tear of the outdoors. The UFD hose is engineered with internal abrasion resistance, exterior toughness, and UV resistance.

For your convenience, we have many sizes and lengths in stock for fast delivery. For this season only, we are creating these with inner-diameters of 6", 8", 10", 12", and 14". Shorter lengths of 10' and 15', ideal for lawn mowers and leaf blowers, will also be available.

### UFD Clear
